

Namao School

Taking Pride in Learning!

Our School

One of the division’s longest established schools, Namao School takes pride in our heritage in the community. Our motto “Taking pride in learning!” is reflected not only in academic success but also in performing arts, athletic programs, character development and community service. We offer specialized, exciting programs for students in preschool and kindergarten to Grade 9. Our teachers engage young students with the innovative Reggio Emilia approach to learning.

Our school is well known for our outstanding music program and offers a Bring Your Own Device (BYOD) program for grades 5–9. We also serve students with specific needs, housing the GOALS (Growing Opportunities and Life Skills) and Knowledge and Employability programs. Our talented staff are dedicated to providing an exceptional education in a safe and caring environment.
